

Peace brother Bill and mission partners,

Praise the Lord. We are well. We thank the Lord that so far He has been with us and has guarded us in these troubled times.

Although there were many restrictions, I was still busy during this period either to take food to the brothers in the church or to the elderly who were not allowed to go out.

With your financial help we have been able to be a blessing to many children and the elderly and to be able to buy food for those in need during this period of isolation and restrictions.

During this time I also met new families and through these food aid a new door of proclamation of the gospel was opened. The brothers and sisters in the church were encouraged and saw how God cares for them and loves His children. Thank you for this help and because you have brought much joy to many poor hearts.

In this period, I think was a good thing because we were able to spend

More time with the children, because they didn't go to school anymore. I think all things work for good. Now in our country are trying to give all kinds of laws that are against God and we pray that the Lord will guide us and maybe in the future we will do homeschooling with our children.

As for the ministry, for 1 month we have been meeting with the church in the courtyard and rejoicing in the Lord because we can meet like this. We received from the government the decision that we can also meet in the church, but at a distance of 2 meters and with a mask. This is more difficult, so we will continue to worship the Lord outdoors.

We are still working on the new construction in the village of the Valea Anilor, we thank the Lord for all His blessings and pray that the Lord will continue to give us success and resources.

We want to thank you because the Lord blesses us through you every month and you are part of this ministry God of Oltenia. One day we will enjoy the fruits and the reward that awaits us in heaven. We love you and thank you for being with us and loving the mission in Oltenia-Romania. We pray for you and the Lord blessing your ministry,

Your Brother, Gabi Cismaru
